

the Pete's Greenhouse

CONTAINER GUIDE

A BEAUTIFUL CONTAINER STARTS WITH THE RIGHT MIX. USING PLANTS SUITED FOR YOUR SUN OR SHADE AND A BALANCE OF HEIGHT, FULLNESS, AND TRAILING TEXTURE, YOU CAN CREATE A POT THAT FEELS FULL, LAYERED, AND MADE TO THRIVE.

HOW TO: *Build a Beautiful Container*

Start with Height (Thriller) - your focal point

Add Fillers - plants that bring fullness and color

Finish with Trailers - something that spills over the edge

Match your light - choose from shade or sun lists

SHADE POTS

Less than 4 hours of sun a day

HEIGHT:

Ferns
Spiralis
Sansevieria
Caladiums
Elephant Ear
Hosta

FILLER:

Impatiens
